# Our Mission

*The mission of the All Souls Religious Education program is to promote spiritual formation. We fulfill this vision through:*

- Nurturing and promoting the spiritual identity and growth of our children, youth and families based on the principles and traditions of Unitarian Universalism
- Developing in our children, youth and families the ability to discover and articulate their belief system, and to speak openly about their UU identity and beliefs;
- Teaching what it means to be part of a religious community, to be a part of something larger than oneself.
- Providing an environment where children, youth and families support one another intellectually, spiritually and emotionally and inspire one another to act on our faith in the world;
- Supporting parents in teaching their children about Unitarian Universalism and putting its principles into practice in our daily lives;
- Supporting efforts to involve the larger congregation in our mission, because every member has a role to play in developing and nurturing our children and youth in UU principles and life.
